建物へのインスタレーション

Architect Installation: Projecting imageries on architects

明治神宮外苑聖徳記念絵画館にて行なわれた車両メーカーの新車発表会。建物全体を映像で演出。

As a recent work of us this year, we had an unique installation project for this most famous car company at the place called Shotoku Memorial Painting Residence located in Meiji Shinto Shrine in Tokyo. This project was to get the residence covered a full of imageries and this was done by our very high skilled engineers.

9面マルチスクリーン展開 9 Multiple Screens

宮崎シーガイアでの新春ミーティングにて350インチ9面マルチスクリーン映像を演出。人間の全視野角182度をカバーする9面横63mのワイドスクリーン。

We had a huge 9 multiple screens installation (350 inches each monitor) at Miyazaki Sea Gaia. The width of 9 screens were 63 meter and this is a limit of human sight angle. was done by our very high skilled engineers.

ドーム対応50m×30mスーパースクリーン 50 meter × 30 meter Super Wide Screen (correspond to dome shaped stadiums)

札幌ドームで行なわれた「日本の祭り」で登場した世界最大級の50×30mを誇る大スクリーン。映像は16,000lmのプロジェクター6台をスタック使用。映像ソースはフルハイビジョンで製作。

" Festivals of Japan ", this biggest event of summer in Sapporo was held at Sapporo Dome. It had a 50m X 30m wide world largest screen size monitor and imageries were projected by six 16,000lm projectors. Nation wide standard monitoring " Hi-Vision System " was used at this event as well.

WHAT WE DO

We can install and rent projection equipment and LED monitor. Our head office is located in Sapporo. You will be satisfied with our highest quality products and prompt delivery. You will get the solution in a cost-effective manner with us.
